BEST PRACTICES 2022-23

BEST PRACTICE -1

“Promoting the Environmental Consciousness and Sustainability through Ecofriendly Practices”

Objectives

To create environmental consciousness among the students and sensitize them towards safe guarding it through eco-friendly Practices and awareness programmes.

The Context

Protect, restore and promote sustainable use of terrestrial ecosystems, sustainably manage forests, combat desertification, and halt and reverse land degradation and halt biodiversity loss is the objective of 13th goal on climate Action of Sustainable Development Goals. Hence the college considers it as a prime responsibility to sensitize the students towards conserving the nature and hence organized various events such as Webinars, Workshops, Recycling activities etc. during the academic year 2022-2023.

The Practice

Around 16 programmes comprising Webinars, Workshops, Online Campaigning Programmes, Online Awareness Quizzes, Awareness Lectures, Waste Management Programmes and competitions were organized on various days of Environmental Significance by the Departments and the Eco Committee (Prakruthi Club) along with the regular green practices were organized during 21-22 through meticulous planning and successful implementation.

Evidence of Success

- Paper usage is minimized- communication through digital platforms encouraged.
- Usage of plastic is minimized
- The landscaping in the campus enhanced
- Participation of the students in eco-friendly programmes showed significant rise.
- Prudent usage of Lights and Fans noticed.

Problems Encountered and Resources used

Initially students were not serious about the programmes on environmental issues but after the consistent motivation by the class incharges especially during the value education classes helped in enthusiastic participation of the students in the events organized further

Additional

Display of the captions on Environmental Consciousness and protection in various significant places of the campus will help the college to constantly inculcate awareness among the students and help students develop ideas in creating a better environment, a better world and a better planet.

BEST PRACTICE 2

“Empowering Students with Universal Values and Ethics through Celebration of Commemorative Days”

Objectives

To promote the positive attitude of gratitude through celebration of commemorative days such as birth anniversaries, days on national consciousness, scientific Achievements

The Context

At St. Pious X Degree & PG college for women the students are provided with various opportunities to appreciate the efforts and contributions made by the eminent people of our great history, science community and national leaders so that the young minds are instilled with humility, courage, reverence, and integrity and help them get inspired and develop respect towards our nation and motivate them to aspire high.

The Practice

The various activities conducted during 22-23 can be categorized into

- Birth Anniversaries of the Eminent Personalities
- Days to invoke national consciousness and sensitizing students on constitutional obligations
- Days to celebrate our Rich heritage and culture
- Observance of Days that motivate us towards a better life
- Commemorative Days to celebrate special Achievements in the history

Evidence of Success

The students paid their tribute to the great leaders and eminent personalities by enthusiastically participating in all the events.

The feedback received from the students during the programmes displayed their gratitude and zeal to follow the path laid by our great leaders, Scientists, Soldiers etc. The special days celebrated on better life helped students to overcome some of their apprehensions of life and embrace happiness.

Problems Encountered and Resources Required

The college is a self-financed Organization and hence allocating budget for organizing events is a difficult task for the management. But the faculty and the students have been very cooperative and within the limited budget the programmes were strategically planned and executed successfully without creating financial burden on the management. For instance, for most of the programmes the college faculty were only the resource persons.

The importance of the days were first explained to the students during the common occasions and the value education classes so that students participate voluntarily
