To ensure better interaction with the students and to varied activities of the administration differernt committees were formed by the Institution. A few staff members and identified students are members in the committees. Each committee addresses the issue by having discussions among themselves and to come to a solution. If unresolved this is then brought to the administration/management for decision making. Thus method ensures better analysis of the situation. The students feedback on Institutional governance and faculty performance is taken at the end of each semester.
