Guidelines on inculcating Research Culture and Providing Incentives (Pursuant to Research Policy)

Objectives:

1. Foster a research culture to enhance faculty research productivity and strengthen research output.
2. Empower faculty to achieve excellence in teaching and research driving academic excellence.
3. To contribute to research and development on contemporary issues, curriculum delivery & pedagogical research, multidisciplinary and integrated research, good governance and administration.
4. To focus on research areas envisaged on NEP 2020 for fostering a holistic approach to Nation-building.

Guidelines:

1. Conduct workshops and seminars to train faculty on research methodology, enhancing their practical understanding and strengthening their research skills.
2. To conduct workshops on each of the modules in the research process and evaluate the understanding at the end of each workshop.
3. To orient faculty on project proposal writing for various funding agencies, including CSIR, ICSSR, UGC, AICTE (IKS and other projects), and other government and private organizations
4. Recognize faculty achievements with incentives for publications and projects under various funding agencies.
