BHARATIYA KHEL: A CELEBRATION OF INDIA'S TRADITIONAL GAMES

Games are very popular throughout the world and everyone prefers to participate in them. Various traditional games are part and parcel of Indian tradition. When we discuss about India, it has always exhibited its rich culture and tradition. Traditional Games act as learning aids. They teach us many things while playing like to learn to win and lose, develop sensory skills, count, add, improve motor skills, improve coordination and finally to have fun. The values that we achieve by playing these games are more when compared to the games that we play now. They are environment friendly, we can learn about our culture and history, they are suitable for all ages, and so they increase the interaction between generations.

In order to revive and promote these games as part of Indian heritage the college conducted the traditional games like Kho-, Kabaddi, Dodge ball, Astachamma, Vanaganthulu, Kachakayalu, “Patang Uddayan”, Chakki Badi and Chadarangam, from 3rd - 21st Jan. It served as a reminder of how simple activities can bring people together and create memorable experiences.
