SKILL ENHANCEMENT COURSES

Pious Upskilling Hub (PUSH) is an innovative initiative launched by St.Pious X Degree and PG College for Women, dedicated to empowering individuals with practical, industry-relevant skills. Inaugurated on February 10, 2025, PUSH serves as a dynamic skill development Center offering a wide range of training programs that are open to all students, breaking down traditional departmental boundaries. While departments previously conducted training sessions for their own students, PUSH now provides an inclusive platform for skill development across various disciplines, ensuring everyone has access to opportunities for growth. The Center is committed to enhancing employability, fostering entrepreneurship, and promoting lifelong learning. By 2035, PUSH aims to equip 10,000 youth with essential skills, creating a workforce that is not only highly skilled but also self-reliant.

The Center has already made an impressive impact with successful programs like "Math Magic," led by an

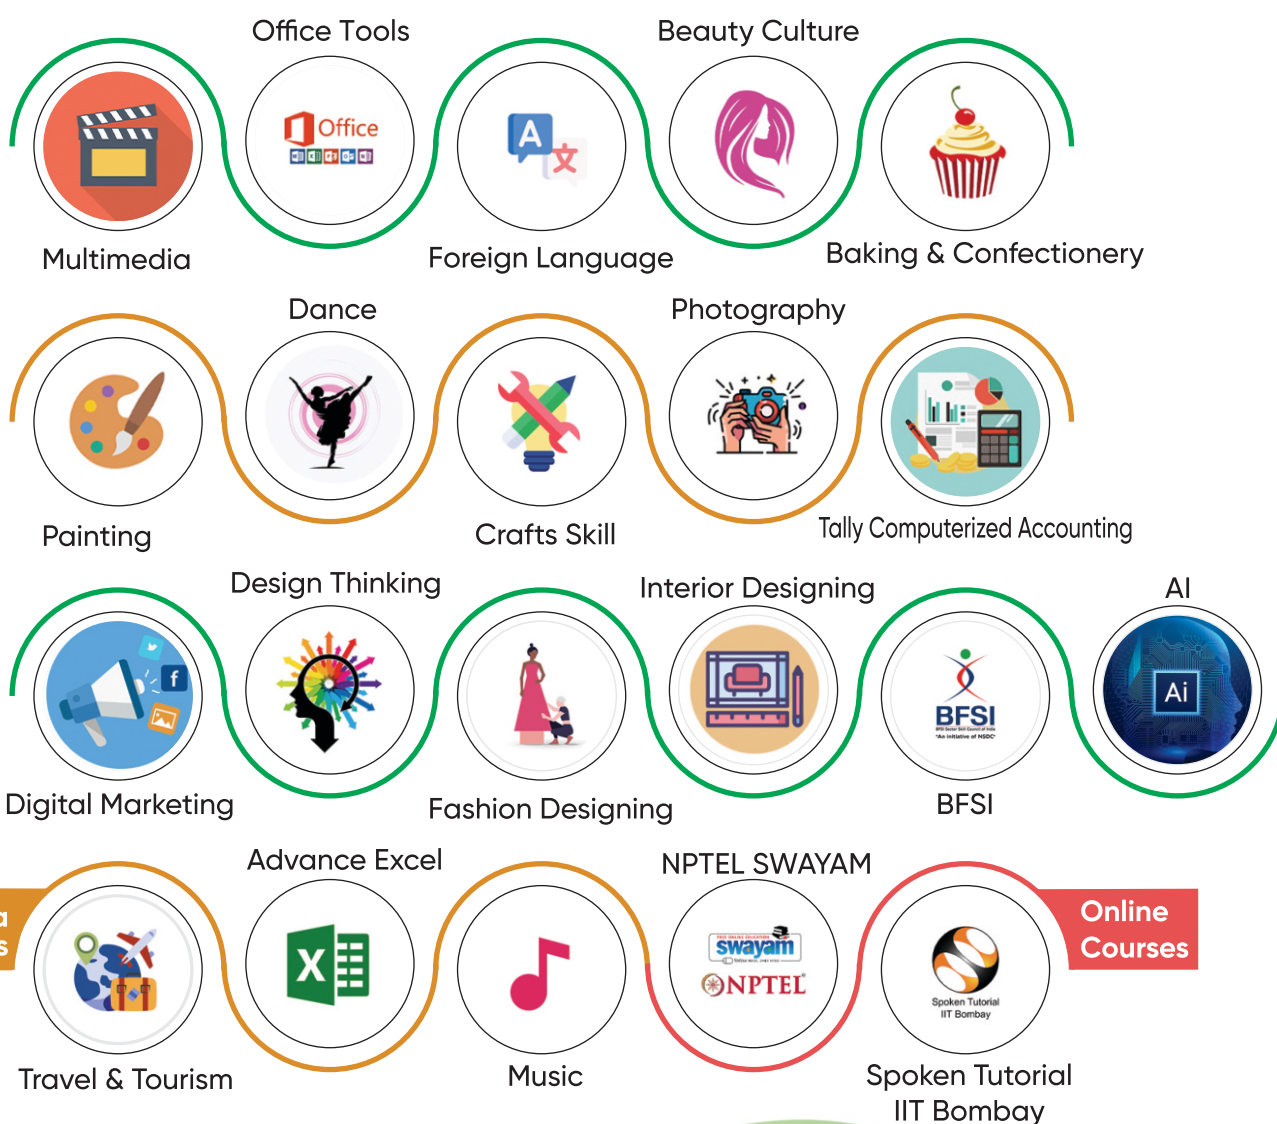

external expert, and "Crotchet Mastery," conducted by a student trainer. Currently, the Mutual Funds Distributors program is in progress, reflecting PUSH's commitment to offering skill enhancement opportunities beyond the regular curriculum. PUSH is also expanding its offerings with courses such as Medical Coding, Air Freshener Preparation, LED Making workshops, and even creative skills like Kuchipudi Dance and Music. Some of these courses are led by students, giving them the opportunity to both learn and teach, creating a unique environment where students can not only be recipients of knowledge but also providers. This approach allows students to monetize their own skills, fostering entrepreneurship and self-reliance. With its hands-on learning focus PUSH is dedicated to bridging the skill gap, promoting entrepreneurship, and encouraging continuous personal growth. The center's objectives are clear: to enhance employability, foster self-reliance, address workforce needs, and nurture a culture of lifelong learning.
